

VI Latin-American Monobuoy Operators Conference (Punta del Este - Uruguay, October 26th, 27th and 28th 2010)

The Administración Nacional de Combustibles, Alcohol y Portland (Uruguay) Company and the Sociedad Latinoamericana de Operadores de Monoboyas – SLOM are pleased to invite you to the: “VI Latin-American Monobuoy Operators Conference”, Punta del Este - Uruguay, October 26th, 27th and 28th 2010, an event in which we pretend to share experiences and knowledge, acquired in the Operations, Management and Maintenance of Maritime Oil Terminals, especially those that have Monobuoy Coastline Installations.

The organization and development of this event, is an effort which has as its main objective, to make our Oil Maritime Ports safer, more efficient, cleaner and more competitive.

WHY IS IT IMPORTANT TO PARTICIPATE?

- The Latin-American Monobuoy Operators Conferences are gathering together each year more than 200 Managers/ Directors, Operators, Suppliers, Consultants, Manufacturers and other People related to the growing Maritime Oil Sector.
- The Latin-American Monobuoy Operators Conferences have become the top meeting event where Oil Company Operators have the opportunity to share experiences and knowledge with Specialists, Authorities, Suppliers, Consultants, Manufacturers, etc.
- The Latin-American Monobuoy Operators Conferences have become the best opportunity to personally meet Managers, Directors, Supervisors, Suppliers, Specialists, Consultants and Manufacturers of the Maritime Oil Sector specialized on Monobuoy and other kinds of Terminals.
- The Latin-American Monobuoy Operators Conferences are the best setting for the spreading of new technologies, and to offer products and specialized services of the Latin-American maritime, port and oil sector.
